Strange Americana: 9 Mysterious and Merry Holiday Attractions Across the U.S. How to Calculate Your Ecological Footprint— and Reduce It. The Hot 200 Albums Chart tracks the top-selling albums of the week. Often, the artist with the top-selling album is different from the artist with the top-selling single on the Billboard Hot 100. The Hot 200 Albums is released each Friday which is also the global release date for most new albums. To track sales and streaming, the Hot 200 Albums Chart schedule is delayed by a few days to encompass a full week of sales. For instance, if an album charts on January 27, it's total number of listens will be from the January 12-January 18 tracking week. Veterans Day is
one of the eleven
federal holidays
in the United
States for federal
organizations and
is a public
holiday for all 50
states. Unlike
Memorial Day,
which is the day
for honoring
those who
passed away
while serving in
the military,
Veterans Day is
where the
general public
celebrates those
who have served
in the U.S.
military, whether
that be the U.S.
Army, Navy,
Marine Corps,
National Guard,
Air Force or the
Coast Guard.
Veterans Day is
always
celebrated in late
October or early
November and is
a day full of
parades,
discounts and a
valuable history
lesson. Here are
5 interesting
facts about
Veterans Day.
Although the
classic tune
might not cross
your mind for the
majority of the
year, "White
Christmas" is
actually the
world's best-
selling single in
music history,
having sold over
50 million copies
since it was
released in 1942.
The iconic
holiday track
written by
notable
composer Irving

Berlin was popularized by Bing Crosby, one of the top entertainers of the 20th century and the notable "King of Christmas." But what exactly made this tune in particular so ubiquitous and enduring? To answer this question, we're taking a merry and bright look into the history of the festive tune and its celebrated singer. On this day, each state celebrates their veterans in their own unique way. The most common sight is a busy parade full of veterans, school bands, American flags and patriotic music. The largest of these takes place in New York, but the longest running Veterans Day is held in the south, specifically Birmingham, Alabama and has been ever since 1947. In D.C., Arlington National Cemetery has a wreath-laying ceremony at the Tomb of the Unknown Soldier while the famous Blue Angels take over the skies in Pensacola, Florida. Churches participate in prayer services while government buildings proudly display the red, white and blue flag. But let's not forget about the

food on Veterans Day. What Are Some Common Items That Might Be Useless Soon?. What You Need to Know About Coronavirus Variants, Including Omicron. The eponymous outcast is an archetype unto himself. Mute swans were introduced to North America in the 19th century, where they're now deemed an invasive species. They do make less noise than other swans, but they're not exactly mute. Here's one recorded in Devon, England, in 1966: The birds' common name comes from a "turr-turr" sound they make, not any relation to turtles. Here's a recording of a male singing to attract females in Loiret, France: On the uncertain history of the first song to be broadcast from space. How Hour of Code Can Help Demystify Coding. 'All I Want for Christmas Is You': A Historical Dialectic. How Does the GMC Sierra 1500 Compare to Other Trucks?.

Tips From The Biggest Loser to Aid Your Fitness Journey.

Observed in the United States, Canada, Mexico, France, Australia and the United Kingdom, modern Valentine's Day as we know it was first celebrated in the 17th or 18th centuries, with folks exchanging handwritten notes and small tokens. By the 1800s, Richard Cadbury, the founder of the Cadbury chocolate company, began the practice of gifting boxes of chocolate on Valentine's Day in the U.K.

Chances are, as you roll into winter, you'll begin to hear the classic hit "White Christmas" repeatedly on the radio, at holiday parties, over grocery store loudspeakers and on Christmastime playlists. From there, it'll earworm its way into your brain,

and you'll find yourself unexpectedly thinking of treetops glistening and TEENren listening as the calendar makes way for December 25. But once the date passes, the lyrics vanish from your memory until the next winter, leaving a little bit of nostalgia in their wake. But Myles, who was left an estate in disrepair and major debt that he's been unable to climb out of, has a plan—making life so miserable for Sophie that she leaves and loses her deposit, allowing Myles to keep the property afloat until the spring, by when he assumes he'll have figured it all out. We'll forgive the fact that the main character is a writer, which seems to be the case more than 50% of the time in rom-coms—either that, or they're self-employed, and in the case of Sophie Brown, it's both. But we do have a few questions about just how rich she is. Like, I get that they establish she's a world-famous author, but does she really have buy-a-castle-on-a-whim type of money? I mean, it seems like she does since at the end of the movie she offers to pay off everyone's

mortgage like a damn boss, but castles aren't cheap. And this one was in need of a lot of repairs and didn't look like it was going to be inexpensive to maintain, considering you have to keep a full-time staff on. You know what, I just looked up how much J.K. Rowling is worth. I take all that back. Good for her. But for this exercise, we're going to stick to Netflix originals. And we're going to review them. Not all of them, but 12 of them (technically more since we'll be grouping the trilogies together) over the next few weeks as we present to you the 12 Days of Netflix Christmas Movies. So sit back, grab a cup of hot chocolate (or spiked eggnog if you prefer) and let's get started.

Rating: On a scale from a partridge in a pear tree to twelve drummers drumming, I give this four calling birds. In Philadelphia, overdose deaths affect everyone. Penn Medicine leads the charge to treat them early. subscribe to my newsletter here for daily reminders here. Honestly, it's how terrible it is. If you're looking for a Christmas movie that's prime for a little hate-watching, this one might be for you. Sure, there's a certain audience it's going to appeal to— and it's likely the audience that remembers Shields and Elwes from their primes, nearly 30 years ago— but for a younger audience it's probably not going to get the job done. Of the Netflix Christmas movies we've reviewed so far, this is the one that feels the most like it could be from Hallmark or Lifetime instead. And that's not necessarily a bad thing. They pump out movies like crazy, so they clearly must be working in some respect. Perhaps Netflix realized they needed to expand their audience a little bit after so many of their Christmas movies seem geared toward a younger generation. Beyond that, the

best part of the movie are the Drew Barrymore cameos. She plays herself, and the movie is bookended by a pair of appearances by Sophie on "The Drew Barrymore Show." And the one that runs during the post credits— make sure you don't miss that— seemed to include some bloopers that actually got the biggest laughs out of me the entire time. I wish we got more of that Sophie throughout the rest of the movie. And finally, let's circle back to Sophie's incomprehensible wealth. When I first turned this movie on, I was expecting it to be about a woman who earns her place in a castle next to a prince by being deferential and flirty and making him fall in love with her. Nope. Sophie Brown is a recently-divorced gangster who totally flips the script, buys the castle outright and then tells the displaced Duke whether or not he can stay there with her. While I wasn't a huge fan of the movie, I did love that aspect of it so much that it's enough to bump it one stop in the ratings.
