Inventory is only part of what makes the Interaction menu useful. You can use it to quickly set GPS markers for key locations, including the nearest vendors (Ammu-nation, mod shop, etc.) as well as notable mission objectives, when applicable. You're also able to "Request personal vehicle" if you suddenly find yourself a great distance from your owned car. You'll need to be near a road to take advantage of this feature, but it's invaluable. No less so than "Passive Mode," an optional setting that costs \$100 per use to activate. While Passive Mode is on, no one can shoot you, though you can still be run over or blown up. You also won't be able to shoot anyone or take on missions while Passive is on, but at least you can't be gunned down! TechRadar is supported by its audience. In truth, you're not going to learn much during the required series of mini-missions that you didn't already pick up from playing through GTA V 's single player mode. What the tutorial does do, however, is set up your reason for being in Los Santos. It starts with your character landing at the city's airport and meeting up with his or her first contact in this new place. Contacts are key in GTA Online. While you can participate in all manner of competitive and cooperative tasks, both in the open world and in discrete lobbies dedicated to things like racing or deathmatches, the meatiest jobs- and most rewarding ones, from a cash and Reputation Points perspective- come from your contacts via text messages. There are a ton of ways to make money in GTA Online, so my advice would be to set up passive businesses like the ones here and then do something you enjoy doing with your time whether that be heists or other specific types of missions. It's a temporary solution, then, but it will make the act of exploring the world a bit less irritating in your first hours with the game. GTA has five heists (including a tutorial heist), and if you're new to the game, you owe it to yourself to check them out. They're like the heists in GTA 5's main story, only they involve four players taking part in one mission simultaneously. They still represent the best GTA experiences you can have in any game in the series. Bring the best out of gaming with Samsung Neo QLED TVs. Outside of going on a mindless rampage, you can't do much in GTA Online without money. You need cash to buy houses, cars, and weapons -- everything that the doctor ordered for a friendly GTA Online session. If you throw hours upon hours at GTA Online, you can maybe justify spending a little every now and then for that car, business or apartment you want, especially since you got the game for free from Epic. Ultimately, though, buying digital currency is unlikely to enhance your experience with the game unless you're playing it all the time. Upgrade your lifestyle Digital Trends helps readers keep tabs on the fast-paced world of tech with all the latest news, fun product reviews, insightful editorials, and one-of-a-kind sneak peeks. There are several advantages to linking up with and playing alongside crew members. The big one is a Reputation Point bonus- RPs are GTA Online 's equivalent of experience points- for completing missions and other tasks with fellow members. You'll also be able to add your Crew's custom emblem to vehicles when you respray them and participate in rivalries with other Crews. Much of this is still coming together on Rockstar's end, but even now there's value in joining and playing frequently with a Crew for the RP boost alone. GTA Online. In truth, it's the heart of the mode. Want some better guns to play with? A swanky apartment? Armor that will keep you alive longer? All of this requires you to level up. Even missions and diversions come with level requirements attached to them. The open world offers plenty of fun if you want to just mess around, but the good stuff doesn't start appearing until you hit certain levels.
